Directors' Responsibilities and Approval

The directors are required by the Non-profit Organisation Act of South Africa to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements is in conformity with the basis of accounting described in note 1 and present fairly the statement of financial position, results of operations and business of the non-profit organisation, and explain the transactions and financial position of the business of the non-profit organisation at the end of the financial year. The annual financial statements are prepared in accordance with the basis of accounting described in Note 1 and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the non-profit organisation and places considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the non-profit organisation and all employees are required to maintain the highest ethical standards in ensuring the non-profit organisation's business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the non-profit organisation is on identifying, assessing, managing and monitoring all known forms of risk across the non-profit organisation. While operating risk cannot be fully eliminated, the non-profit organisation endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss. The going-concern basis has been adopted in preparing the financial statements. The directors have reviewed the non-profit organisation's cash flow forecast for the year to 30 November 2025 and, in the light of the review of the forecasts and available cash resources the directors are satisfied that the non-profit organisation has or has access to adequate resources and have no reason to believe that the non-profit organisation will not be a going concern in the foreseeable future. The annual financial statements support the viability of the non-profit organisation.

The external auditors are responsible for independently auditing and reporting on the non-profit organisation's annual financial statements. The annual financial statements have been examined by the non-profit organisation's external auditors and their report is presented on pages 6 to 7.

The financial statements set out on pages 8 to 20, and the supplementary information set out on pages 21 to 22 which have been prepared on the going concern basis, were approved by the directors and were signed on 29 August 2025 on its behalf by:

MH Chidawanyika

YE Bucknor

(Registration Number 032-082-NPO)

Annual Financial Statements for the year ended 30 November 2024

Directors' Report

The directors have pleasure in submitting their report on the annual financial statements of Ikamva Lisezandleni Zethu (Non-Profit Organisation) for the year ended 30 November 2024.

1. Nature of business

The organisation is engaged to enable disadvantaged youth to pull themselves and each other out of poverty and into tertiary education and/or employment. The organisation operates in South Africa, through various school programmes and peer to peer learning. There have been no material changes to the nature of the organisation's business from the prior year

2. Review of financial results and activities

The annual financial statements have been prepared in accordance with entity specific basis of accounting. The accounting policies have been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the organisation are set out in these annual financial statements.

3. Going concern

We draw attention to the fact that at 30 November 2024, the organisation had accumulated surplus and reserves of R 4,341,431 and that the organisation's total assets exceed its liabilities by R 4,341,431. The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The ability of the organisation to continue as a going concern is dependent on a number of factors. The most significant of these is that the directors continue to procure funding for the ongoing operations for the organisation.

The directors have satisfied themselves that the organisation is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements.

The directors are not aware of any new material changes that may adversely impact the organisation. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the organisation.

4. Events after reporting date

The directors are not aware of any material event that has a material impact on the annual financial statements, which occurred after the reporting date and up to the date of this report.

5. Directors' interest in contracts

To our knowledge none of the directors had any interest in contracts entered into during the year under review.

Ikamva Lisezandleni Zethu (Non-Profit Organisation)

(Registration Number 032-082-NPO)

Annual Financial Statements for the year ended 30 November 2024

Directors' Report

6. Directors

The directors of the nonprofit organisation during the year and up to the date of this report is as follows:

Director	Office	Designation	Changes
MH Chidawanyika	Chief Executive Officer	Executive	
R Simankane		Non-executive	
X Mkhize		Non-executive	
YE Bucknor	Chairperson	Non-executive	
R Mudimu		Non-executive	
S Godwana		Non-executive	
S Masanzu		Non-executive	Appointed 12 August 2024
J Maphutha		Non-executive	Appointed 12 August 2024

7. Secretary

No secretary has been formally appointed during the current financial year.

8. Auditors

Nexia SAB&T were the independent auditors for the year under review.

INDEPENDENT AUDITOR'S REPORT

To the Directors of Ikamva Lisezandleni Zethu (Non-Profit Organisation)

Opinion

We have audited the financial statements of Ikamva Lisezandleni Zethu (Non-Profit Organisation) set out on pages 8 to 20, which comprise the statement of financial position as at 30 November 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of Ikamva Lisezandleni Zethu (Non-Profit Organisation) for the year ended 30 November 2024 are prepared, in all material respects, in accordance with the basis of accounting described in note 1 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the organisation in accordance with the Independent Regulatory Board for Auditors' *Code of Professional Conduct for Registered Auditors* (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to note 1 to the financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the organisation's own accounting policies to satisfy the financial information needs of the organisation's directors. As a result, the financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Ikamva Lisezandleni Zethu (Non-Profit Organisation) Annual Financial Statements for the year ended 30 November 2024", which includes the Directors' Report. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Audit. Tax. Advisory.

Responsibilities of the Directors for the Financial Statements

The directors are responsible for the preparation of the financial statements in accordance with the basis of accounting described in note 1, for determining that the basis of preparation is acceptable in the circumstances and for such internal control as the directors determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the organisation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the organisation or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organisation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organisation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organisation to cease to continue as a going concern.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Financial Statements for the year ended 30 November 2024

Accounting Policies

1. Basis of preparation and summary of significant accounting policies

The annual financial statements have been prepared on a going concern basis in accordance with the accounting policies asset out below. The annual financial statements have been prepared on the historical cost basis, except for certain financial instruments at fair value. They are presented in South African Rands.

These accounting policies are consistent with the previous period. Ikamva Lisezandleni Zethu is a voluntary association operating as a non-profit organisation.

1.1 Property, plant and equipment

Property, plant and equipment are tangible assets which the organisation holds for its own use or for rental to others and which are expected to be used for more than one period.

An item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the organisation, and the cost of the item can be measured reliably.

Land and Property

The organisation acquired a property in Salt River, Cape Town. During the 2016 financial year the property was registered at the deeds office, as such the property was capitalised during the 2016 financial year.

Buildings are not depreciated and shall be revalued every five (5) years and the adjustment to the account loss or gains updated according to the asset value. Free services provided by the municipality shall be utilised for purpose of the valuation, but a professional consultant will be consulted every ten (10) years to verify the municipal valuation. The revaluation changes shall be recognised in other comprehensive income and accumulated in equity under revaluation surplus.

Equipment

Equipment consists of items of equipment in the computer lab/office container, furniture and fittings, office equipment and computer (IT) equipment. All items acquired that are not part of the computer lab, which are below R10 000 are expensed to surplus and deficit in the year of acquisition. All computer lab equipment will remain capitalised until fully depreciated.

It is the organisation's policy to capitalise assets at the end of the financial year in which they are acquired, hence they will start depreciating in the subsequent year.

Capital work in progress

Capital work in progress consists of items under construction. Since the asset is not yet ready for use it is not depreciated. The asset is transferred to the relevant asset category upon completion.

Property, plant and equipment is initially measured at cost.

Cost includes costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

This include costs incurred to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and any accumulated impairment losses, except for land which is stated at cost less accumulated impairment losses.

Ikamva Lisezandleni Zethu (Non-Profit Organisation)

(Registration Number 032-082-NPO)

Financial Statements for the year ended 30 November 2024

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

Depreciation is provided using the straight-line method to write down the costs, less estimated residual value over the useful life of the property, plant and equipment.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Land and buildings	Not depreciated	
Computer labs	Straight Line	10 years
Lab/Office container	Straight Line	10 years
Furniture and fixtures	Straight Line	6 years
Office equipment	Straight Line	3 years

Impairment tests are performed on property, plant and equipment when there is an indicator that they may be impaired. When the carrying amount of an item of property, plant and equipment is assessed to be higher than the estimated recoverable amount, an impairment loss is recognised immediately in profit or loss to bring the carrying amount in line with the recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in surplus or deficit when the item is derecognised.

1.2 Financial instruments

Initial measurement

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through surplus or deficit) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial instruments at amortised cost

These include trade receivables and trade payables. They are subsequently measured at amortised cost using the effective interest method.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in surplus or deficit.

Trade and other receivables

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the nonprofit organisation will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Ikamva Lisezandleni Zethu (Non-Profit Organisation)

(Registration Number 032-082-NPO)

Financial Statements for the year ended 30 November 2024

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

Trade and other payables

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Deferred income

Deferred income represents funding received according to funder agreements which has not yet been recognised as income.

Funding grants are recognised when there is reasonable assurance that organisation will comply with the conditions attached to them and the grant will be received

Funding grants are recognised as income over the periods necessary to match them with the related costs that they are intended to compensate.

A funding grant that becomes receivable as compensation for expenses or deficits already incurred for the purpose of giving immediate financial support to the entity with no future related costs is recognised as income in the period in which it becomes receivable.

1.3 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership to the lessee. All other leases are operating leases.

Operating leases - lessor

Operating lease income is recognised as an income on a straight-line basis over the lease term unless:

- another systematic basis is representative of the time pattern of the benefit from the leased asset, even if the receipt of payments is not on that basis, or
- the payments are structured to increase in line with expected general inflation (based on published indexes or statistics) to compensate for the lessor's expected inflationary cost increases.

Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset. This liability is not discounted.

1.4 Provisions

Provisions are recognised when the organisation has an obligation at the reporting date as a result of a past event; it is probable that the organisation will be required to transfer economic benefits in settlement; and the amount of the obligation can be estimated reliably.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised as interest expense. Provisions are not recognised for future operating losses.

Ikamva Lisezandleni Zethu (Non-Profit Organisation)

(Registration Number 032-082-NPO)

Financial Statements for the year ended 30 November 2024

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

1.5 Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivables in the ordinary course of the organisation's activities.

The organisation recognises revenue when:

- the amount of revenue can be reliably measured;
- it is probable that future economic benefits will flow to the organisation: and
- specific criteria have been met for the organisation's activities, as described below.

Grants and donations

Grants are recognised in accordance with the provisions of the underlying agreements, and where more appropriate, in the year expenditure in respect of which the grant was received was incurred.

Donations are recognised as income when received.

Other income

Other income consists mainly of project income and rental income.

Project income is income derived from the implementation of specific projects in line with the mandate of the organisation which differs from the traditional grant revenue received.

The project income is recognised in accordance with the provisions of the underlying agreement and where more appropriate, in the year in which the expenditure was incurred.

Grant and other receivables

Grant and other receivables are recognised initially at the transaction value. They are subsequently measured at amortised cost, using the effective interest rate method, less provision for impairment. A provision for impairment of other receivables are established when there are objective evidence that the organisation will not be able to collect all amounts due according to the original terms of the receivable.

1.6 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as leave pay and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

1.7 Government grants

Grants that do not impose specified future performance conditions are recognised in income when the grant proceeds are receivable. Grants that impose specified future performance conditions are recognised in income only when the performance conditions are met. Grants received before the revenue recognition criteria are satisfied are recognised as a liability. Grants are measured at the fair value of the asset received or receivable.

1.8 Impairment of assets

The organisation assesses at each reporting date whether there is any indication that property, plant and equipment or intangible assets may be impaired.

(Registration Number 032-082-NPO)

Financial Statements for the year ended 30 November 2024

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

If there is any such indication, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in surplus or deficit.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of assets) in prior years. A reversal of impairment is recognised immediately in surplus or deficit.

12. Income tax expense

Tax exemption

No provision has been made for tax as the organisation is approved as a public benefit organisation in terms of section 30 of the Income Tax Act (the Act), accordingly receipts and accruals are exempt from income taxes in terms of section 10(1)(cN) of the Act.

The public benefit organisation was approved for purposes of section 18A(1)(a) of the act and donations will be tax deductible in the hands of the donors, in terms and subject to the limitations prescribed in sections 18A of the Act.

13. Events after the reporting date

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report that has a material impact on the annual financial statements.

14. Going concern

We draw attention to the fact that at 30 November 2024, the organisation had accumulated surplus and reserves of R 4,341,431 and that the organisation's total assets exceed its liabilities by R 4,341,431. The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The ability of the organisation to continue as a going concern is dependent on a number of factors. The most significant of these is that the directors continue to procure funding for the ongoing operations for the organisation.

The directors have satisfied themselves that the organisation is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements.

The directors are not aware of any new material changes that may adversely impact the organisation. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the organisation.

15. Cash flows from operating activities

Deficit for the year	(5,374,223)	(3,328,014)
Adjustments for:		
Investment revenue	(279,040)	(689,474)
